

## **Standards of Practice**

Printable versions of the forms that accompany the standards of practice in PDF format.

### **Tax Rates**

Forms that are necessary for a taxing entity to obtain approval of tax rates are here. There are forms regarding taxable values, taxes charged, taxes collected, taxes disbursed, redevelopment agency funds, new growth, annexations, proposed tax rates, final tax rates and proposed and final budgets.

### **Centrally Assessed - All Instructions and Forms**

Each centrally assessed taxpayer must send a completed "Annual Return for Assessment" to the Property Tax Division of the Utah State Tax Commission. For further instructions and forms, click on the "Centrally Assessed - All Instructions and Forms" label above.

### **Natural Resources Annual Reports (Returns)**

Each centrally assessed Natural Resource taxpayer must send a completed "Annual Return for Assessment" to the Property Tax Division of the Utah State Tax Commission. For further instructions, click on the "Natural Resources Annual Reports (Returns)" above.

### **Utility and Transport Annual Reports (Returns)**

Each centrally assessed taxpayer must send a completed "Annual Report and Annual Return for Assessment" to the Property Tax Division of the Utah State Tax Commission. For further instructions, click on the "Utility and Transportation Annual Reports (Returns)" label above.

### **Assessment Compliance Forms**

These forms establish county compliance with the assessment standards set forth in Utah Code 59-2-303.1 and 313. **State Reports Checklist for Assessors**

This checklist is provided in PDF form for download. It outlines what reports are required by County Assessors and when they are required.

**Format:** Most of our instructions and forms are in the Adobe Acrobat Portable Data File (PDF) format. Acrobat Reader must be setup correctly on your computer to view the documents. If not already present on your computer, the Acrobat Reader can be obtained from Adobe by clicking [here](#)

. The page includes instructions regarding how to download and install it.
